Purpose of the plan

This plan examines potential risks and issues that could cause disruption to the exams process at Stanground Academy. By outlining actions/procedures to be invoked in case of disruption it is intended to mitigate the impact these disruptions have on our exam process.

Alongside internal processes, this plan is informed by the **Ofqual** Exam system contingency plan: England, Wales and Northern Ireland which provides guidance in the publication What schools and colleges and other centres should do if exams or other assessments are seriously disrupted and the **JCQ** Joint Contingency Plan in the event of widespread disruption to the Examination System in England, Wales and Northern Ireland.

- This plan also confirms Stanground Academy is compliant with the JCQ regulation (section 5.3, X General Regulations for Approved Centres 2022/23) that the centre has in place a written examination contingency plan which covers all aspects of examination administration. This will allow members of the senior leadership team to act immediately in the event of an emergency or staff absence. The examination contingency plan should reinforce procedures in the event of the centre being unavailable for examinations, or on results day, owing to an unforeseen emergency. The potential impact of a cyber-attack should also be considered.

What schools and colleges and other centres should do if exams or other assessments are seriously disrupted

1. Contingency planning

You should prepare for possible disruption to exams and other assessments and make sure staff are aware of these plans.

When drafting contingency plans, you should consider the following guidance:

1.1 Covid specific guidance:

- [Guidance for schools Covid-19](#) from the Department for Education in England (subject to frequent updates as the situation changes)
- [Responsibility for autumn GCSE, AS and A level exam series](#) from the Department for Education in England
- [Action for FE Colleges](#) from the Department for Education in England
- [Public health guidance to support autumn exams](#) from the Department for Education

1.2 General contingency guidance

- [Emergency planning and response](#) from the Department for Education in England
- [Opening and closing local-authority-maintained schools](#) from the Department for Education in England
- [Procedures for handling bomb threats](#) from the National Counter Terrorism Security Office.

2. Disruption to assessments or exams

In the absence of any instruction from the relevant awarding organisation, you should make sure that any exam or timetabled assessment takes place if it is possible to hold it. This may mean relocating to alternative premises.

You should discuss alternative arrangements with your awarding organisation if:

- the exam or assessment cannot take place
- a student misses an exam or loses their assessment due to an emergency, or other event, outside of the student's control

See also:

- [JCQ Joint Contingency Plan for the Examination System in England, Wales and Northern Ireland](#)

3. Steps you should take

3.1 Exam planning

Review contingency plans well in advance of each exam or assessment series. Consider how, if the contingency plan is invoked, you will comply with the awarding organisation's requirements.

3.2 In the event of disruption

1. Contact the relevant awarding organisation and follow its instructions.
2. Take advice, or follow instructions, from relevant local or national agencies in deciding whether your centre is able to open.
3. Identify whether the exam or timetabled assessment can be sat at an alternative venue, in agreement with the relevant awarding organisation, ensuring the secure transportation of questions papers or assessment materials to the alternative venue.
4. Where accommodation is limited, prioritise students whose progression will be severely delayed if they do not take their exam or timetabled assessment when planned.
5. In the event of an evacuation during an examination please refer to JCQ's [Centre emergency evacuation procedure](#).
6. Communicate with parents, carers and students any changes to the exam or assessment timetable or to the venue.
7. Communicate with any external assessors or relevant third parties regarding any changes to the exam or assessment timetable.

3.3 After the exam

1. Consider whether any students' ability to take the assessment or demonstrate their level of attainment has been materially affected and, if so, apply for special consideration.
2. Advise students, where appropriate, of the opportunities to take their exam or assessment at a later date.
3. Ensure that scripts are stored under secure conditions.

4. Return scripts to awarding organisations in line with their instructions. Never make alternative arrangements for the transportation of completed exam scripts, unless told to do so by the awarding organisation.

4. Steps the awarding organisation should take

4.1 Exam planning

1. Establish and maintain, and at all times comply with, an up-to-date, written contingency plan.
2. Ensure that the arrangements in place with centres and other third parties enable them to deliver and award qualifications in accordance with their conditions of recognition.

4.2 In the event of disruption

- Take all reasonable steps to mitigate any adverse effect, in relation to their qualifications, arising from any disruption.
- Provide effective guidance to any of their centres delivering qualifications.
- Ensure that where an assessment must be completed under specified conditions, students complete the assessment under those conditions (other than where any reasonable adjustments or special considerations require alternative conditions).
- Promptly notify the relevant regulators about any event which could have an adverse effect on students, standards or public confidence.
- Coordinate its communications with the relevant regulators where the disruption has an impact on multiple centres or a wide range of learners.

4.3 After the exam

Consider any requests for special consideration for affected students. For example, those who may have lost their internally assessed work or whose performance in assessments or exams could have been affected by the disruption.

5. If any students miss an exam or are disadvantaged by the disruption

If some of the students have been adversely affected by the disruption, you should ask the awarding organisation about applying for special consideration.

Decisions about special consideration, when it is or is not appropriate, is for each awarding organisation to make. Their decisions might be different for different qualifications and for different subjects.

See also:

- [JCQ's guidance on special considerations](#)

6. Wider communications

The regulators, [Ofqual](#) in England will share timely and accurate information, as required, with awarding organisations, government departments and other stakeholders.

The [Department for Education](#) in England will inform the relevant government ministers as soon as it becomes apparent that there will be significant local or national disruption; and ensure that they are kept updated until the matter is resolved.

Awarding organisations will alert the [Universities and Colleges Admissions Service](#) (UCAS) and the [Central Applications Office](#) (CAO) about any impact of the disruption on their deadlines and liaise regarding student progression to further and higher education.

Awarding organisations will alert relevant professional bodies or employer groups if the impact of disruption particularly affects them.

We will update this page as necessary should national disruption occur with any further relevant links.

JCQ

15.1 The qualification regulators, JCQ and government departments responsible for education have prepared and agreed information for schools and colleges in the event of examinations being seriously disrupted. This jointly agreed information will ensure consistency of response in the event of major disruption to the examinations system affecting significant numbers of candidates.

Further information may be found at: <https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland/what-schools-and-colleges-should-do-if-exams-or-other-assessments-are-seriously-disrupted>

15.2 In addition, awarding bodies have their own well-established contingency plans in place to respond to disruptions. It is important that exams officers who are facing disruption liaise directly with the relevant awarding body/bodies.

15.3 Centres should prepare plans for any disruption to examinations as part of their general emergency planning. It is important to ensure that relevant centre staff are familiar with the plan. Consideration should be given as to how these arrangements will be communicated to candidates, parents and staff should disruption to examinations occur.

15.4 In the event that the head of centre decides the centre cannot be opened for scheduled examinations, the relevant awarding body must be informed as soon as possible. Awarding bodies will be able to offer advice regarding the alternative arrangements for conducting examinations that may be available and the options for candidates who have not been able to take scheduled examinations.

15.5 The awarding bodies will designate a 'contingency day' for examinations, summer 2023. This is consistent with the qualification regulator's document Exam system contingency plan: England, Wales and Northern Ireland: <https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland>

The designation of a 'contingency day' within the common examination timetable is in the event of national or significant local disruption to examinations. It is part of the awarding bodies' standard contingency planning for examinations.

In the event of national disruption to a day of examinations in summer 2023, the awarding bodies will liaise with the qualification regulators and government departments to agree the most appropriate option for managing the impact. As a last resort the affected examinations will be rescheduled. Although every effort would be taken to keep the impact to a minimum, it is possible that there could be more than one timetable date affected following the disruption, up to and including the contingency day. Centres will be alerted if it is agreed to reschedule the examinations and the affected candidates will be expected to make themselves available in such circumstances. The decision regarding the rescheduling of examinations will always rest with the awarding body. The centre must conduct the examination on the scheduled date unless instructed to do otherwise by the awarding body.

Where candidates choose not to be available for the rescheduled examination(s) for reasons other than those traditionally covered by special consideration, they will not be eligible for enhanced grading arrangements. Centres must therefore ensure candidates and parents are aware of this contingency arrangement so that they may take it into account when making their plans for the summer. However, the awarding bodies will not insist upon candidates being available throughout the entire timetable period as a matter of course.

National Cyber Security Centre

The NCSC's free [Web Check](#) and [Mail Check](#) services can help protect schools from cyber-attacks. Two NCSC cyber security services, which are already helping thousands of organisations to protect their websites and email servers from cyber-attacks, are now available to **all UK schools**. Both tools are available free of charge, are quick to set up, and thereafter run automatically. More information is available from the [NCSC website](#).

The Department for Education has been asking centres to review **National Cyber Security Centre advice** following increasing number of cyber-attacks involving ransomware infections. The NCSC information supports centres in cyber security preparedness and mitigation work.

Ransomware attacks continue and the Department is reminding centres to review the NCSC advice and to take precautions. This includes ensuring that you have backups in place for your key services and data.
